-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

**Period for Reply**

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## DETAILED ACTION

### *Claim Rejections - 35 USC § 112*

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 21, 23, 25, 30, 31 and 34-36 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 21 and 23, line 2, the phrase “comprises nickel oxide” renders the claim indefinite. Independent claim 1 recites “wherein a transparent intermediate layer comprising at least one of a metal oxide other than a nickel oxide”. Furthermore, dependent claim 34 recites “said intermediate layer contains no nickel oxide”. The claims contradict each other. Therefore, it is unclear what is being claimed.

Regarding claim 25, line 2, the phrases “a transparent intermediate layer comprising at least one of a metal oxide other than a nickel oxide” and “said intermediate layer comprises nickel oxide” render the claim indefinite. The limitations contradict each other. Therefore, it is unclear what is being claimed. Claims 30, 31, 35 and 36 are rejected based upon the rejected base claim.

Similar errors appear throughout the claims. Appropriate correction is required.

***Allowable Subject Matter***

Claims 1-20, 22, 24, 26-29, 32 and 33 are allowed. The following is a statement of reasons for the indication of allowable subject matter. Regarding claims 1, 2, 5 and 22, the prior art fails to disclose a transparent intermediate layer comprising at least one of a metal oxide other than a nickel oxide and a metal as a main component placed between the oxidative coloration layer and the solid electrolyte layer.

***Response to Arguments***

Applicant's arguments filed 08/31/07 have been fully considered but they are not persuasive.

Regarding the rejections under 35 USC 112, the Applicant has not amended the claims to overcome the rejections, as noted above.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37
